MSRP: \$743.00	Rear Sight: Fixed-2 Dot	Grooves Turn: Right

Description

Aficionados of the .45 ACP and .38 Super can get their brand of firepower in a medium frame package with the Taurus 945 and 38S pistols. Sized for carry, these models weigh-in at just 29.5 ounces – yet are full featured and built for a lifetime of tough use. These medium frame guns offer the same features as Taurus' popular large frame 92 series pistols, including drop hammer forged steel slide and forged ordnance grade alloy frame with three-position frame-mounted ambidextrous safety that allows for a classic SA "cocked-and-locked" mode, as well as functioning as a DA decocking lever.
