### Description

Ultra-fast. Ultra-reliable. Ultra-lightweight. It's no wonder the 85s are our most popular family. We pack them with a combination of customer-requested features and pair them with the .38 Special +P ammo – making them powerful, easy to carry – and lightning-quick to use. To many of our friends in Law Enforcement, these are must-have revolvers. New for 2008, we're pushing our 85s to the next level. Check out our new light-as-a-feather HY-LITE Magnesium model. New colors are also available. New fiber optic front sights, too.
