Description

Destined to become the standard that all 1911 pistols are compared to, the Taurus 1911 offers you the most accurate and feature-laden model on the market today. Starting with our own hammer-forged—not cast—ordnance grade steel frames, slides and barrels, we manufacture each and every part to tolerance levels that surpass even today's industry standards. Our skilled pistol smiths hand-fit and assemble each gun with the 19 standard features seen on page 25, using quality parts that are built 100% in our state-of-the-art factory. Then they mark the slide, barrel and frame with matching serial numbers. Available in the powerful .45 ACP, this aggressive, rock-solid firearm is ready to go right out of the box. The Taurus 1911 is an unbeatable gun that also provides an unbeatable value.
