### Description

Ultra-fast. Ultra-reliable. Ultra-lightweight. The Taurus 85 View is our lightest firearm yet, weighing just over 9 oz. It's no wonder the 85s are our most popular family. We pack them with a combination of customer-requested features and pair them with the .38 Special – making them powerful, easy to carry and lightning-quick to use. To many of our friends in Law Enforcement, these are must-have revolvers.
