UPC: 7-25327-60208-8

Caliber: 380 Auto

Weight: 18.7 oz

Construction: Steel

Front Sight: Fixed

Trigger Type: Smooth

Grooves Turn: Right

Description

The Model 58 is truly a sized-down 92 in every aspect – but in .380 ACP caliber. A mere 18.7 ounces, the 58 features a 3.25-inch barrel and an impressive 19+1 round capacity, combined with the hammer-forged steel slide and forged ordnance grade alloy frame with three-position frame-mounted ambidextrous safety that allows for a classic SA "cocked-and-locked" mode, as well as functioning as a DA decocking lever.
