With spring comes renewal. And this spring, you’ll find that Taurus has renewed its commitment to quality, innovation and customer support unlike ever before. In addition to celebrating our 80th year of manufacturing quality firearms, we’re also putting the finishing touches on the construction of our all-new 200,000-square-foot manufacturing facility and corporate headquarters in Bainbridge, Georgia.

Moreover, we recently announced the implementation of our new Taurus Limited Lifetime Warranty. Original purchasers of a Taurus firearm covered by a one-year warranty will now be covered under this new Limited Lifetime Warranty. All legacy firearms covered under the original lifetime warranty will remain covered by that warranty.

Why introduce a Limited Lifetime Warranty now? The answer is quite simple: Taurus customers have spoken—and we listened. In developing this new policy, we incorporated feedback received from dedicated Taurus handgun owners and enthusiasts based on what they wanted to see in a handgun warranty.

Customer satisfaction is the ultimate objective in the Taurus mission to provide safe and reliable firearms for personal defense, competition or recreational shooting. My hope is that you will find our new Limited Lifetime Warranty not only backs that mission—but ensures confidence in all Taurus customers that we will always stand behind our products and our consumers.
